THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
- 5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. 4. INSURANCES

All athletes, owners, trainers, team veterinarians and their accompaniments are personally responsible for damages to third persons caused by themselves, their employees/grooms, their agents or their horses. They are therefore strongly advised to take out a third-party insurance providing full coverage for participation in equestrian events at home and abroad, and to keep the policy up to date. The OC will **NOT** be responsible for any damage caused by athletes, their horses, owners, NF officials, their employees/grooms or their representatives.

The FEI insures all FEI Officials, whose names are published in the FEI Officials lists, against third party liability including Judges, Course Designers, Technical Delegates, FEI Stewards, FEI Veterinary Delegates, Para Classifiers, Members of the Judges' Supervisory Panel and FEI Coaches (FEI EADCMP Veterinarians are covered under a different policy):

The FEI will NOT insure:

The insurance extended is for any liability that the FEI Official incurs to a third party, and for the costs of defending any such claim arising as a result of actions undertaken by the FEI Official in good faith (including errors and omissions) on behalf of the FEI. However, the insurance for obvious reasons does not extend to any liabilities incurred as a result of an FEI Official's dishonest, fraudulent, malicious, and/or illegal act.

Should an FEI Official become aware of an incident that he or she believes might result in a claim, that FEI Official should notify the FEI immediately and provide all of the facts known to the FEI Official. The FEI cannot guarantee the insurance coverage described above in circumstances where the FEI Official has good cause to believe that there might be a claim and does not provide such timely notice directly to the FEI.

FEI Permitted Treating Veterinarians (PTVs) (Art 1005) are to have adequate professional indemnity insurance.

LIABILITY

The organizer declines any liability for property or pecuniary damage which may happen to visitors, athletes, grooms and horse owners through slight negligence of the organizer, his delegates or his assistants. The OC is liable in case of intent, gross negligence as well as in case of injury to life, body or health and in further cases he is liable for compelling legal liability acc. to the legal requirements.

13. BETTING

Betting will not be authorised by the OC.

14. STEWARDING

- If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.)

- This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.

This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

15.COURSE INSPECTIONS

are only permitted during the allowed time and in the official riding clothes.

16.HORSE LORRIES

Length of course:	minimum 500 m, maximum 700 m.
Speed:	400 m/m

Individuals

Round 2 is open to the 50 Athletes (such number to be increased if there is equality for the 50th place) having the best score deriving from the addition of the scores obtained in the First Individual Qualifying Competition and Round 1 of Team Competition (Second Individual Qualification Competition) are allowed to participate in the Third Individual Qualification Competition which is Round 2 of the Team Competition.

If the Athletes qualified as above are not members of a team which has been qualified to participate in Round 2 of the Team Competition, said Athletes will compete prior to Round 2 of the Team Competition.

Teams

Round 2 of the Team Competition takes place after the Individuals have participated. It is open only to the ten best placed teams and those teams equal on Penalties for tenth place after Round 1 of the Team Competition. Teams that withdraw before the start of Round 2 will not be replaced.

All teams allowed to compete in Round 2 of the Team Competition carry their Penalties forward from the First Individual Qualifying Competition and Round 1 of the Team Competition.

Score obtained in Round 2 by members of Teams who are not among the Athletes eligible to compete in the Third Individual Qualifying Competition as mentioned above, count only for the classification of their respective teams.

Starting Order:

Individuals - The starting order of the individuals qualified to compete in Round 2 is set according to the reverse order of the aggregate penalties incurred in the first individual competition and the first round of the second individual competition. In case of competitors with equality of penalties, the score of the first competition will decide their starting order.

Teams - The starting order of the teams qualified to compete is set according to the reverse order of total penalties of the best three competitors per team incurred in the first individual competition and the best three competitors per team in Round 1 of the team competition. Teams with equality of penalties retain the starting order of Round 1.

Classification – Team Placing:

The ten teams and those with equality of penalties for tenth place receive their placing by adding the penalties incurred by the best three competitors in each team in the first competition and the penalties incurred by the three best competitors in each of the two rounds of the second competition. The team, which has obtained the least number of penalties will be placed first and declared FEI European Team Champion.

In the event of equality of penalties between teams for first, second and/or third place, there will be a jump-off against the clock in which all team competitors may take part, over six obstacles, which may be increased in height and/or spread at a speed of 400 m/m. The score in this jump-off is obtained by adding the penalties incurred by the three best competitors in each team, but in the event of further equality of penalties, the times of these 3 athletes in the jump-off added together will decide the winning team as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place. If after the jump-off there is equality of penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not qualified for the second round of the team competition receive their placing by adding the penalties incurred by the three best competitors in each team in the first competition and the penalties incurred by the three competitors in the first round of the team competition.

IMPORTANT

Maximum Number of starters per competition: 100.

If more than 100 starters are declared, the OC must split the class and provide the equivalent amount of prize money for the additional Competition. OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be a different number of starters in each group. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group.

OR

The competition is run as one single competition and split afterwards into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition.

For the avoidance of doubt, it is the number of declared starters in the Competition, not the actual number of starters, that determines whether the Competition must be split.

Prize Money Distribution:

Please specify under each Competition which of the two charts you will be using for the distribution of the Prize Money (Chart 1 or Chart 2, see next page).

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.
