

**Olympic Games, Rio de Janeiro, 6-18 August 2016
Qualification System
Proposal**

8-9 April 2013, IMD, Lausanne (SUI)

INTRODUCTION

After the successful 2012 London Olympic and Paralympic Games it is now the moment to look at the Rio Olympics and Paralympics in 2016. Our different departments have invested a lot of time in the debriefing of these Games with the goal to make further improvements but also to pass on the knowhow to the next Organiser(s).

An important item is of course the quota and qualification system for the next Games. The experiences prior and during the Games have taught us that although the existing system works generally well, there is need for some improvements.

When looking at all the different aspects we need to bear in mind the very clear message of the IOC that no increase of the all over quota for equestrian sport of 200 horses will be accepted. Consequently any improvement needs to be addressed within this quota of 200 horses. With a sport that is (luckily) developing in all parts of the world this is not an easy exercise.

The FEI Sports Forum organised by the FEI for the first time in 2012 has shown that this is the ideal platform to discuss these kinds of sport-related matters with our National Federations and stakeholders. The ultimate goal of these discussions is to find a consensus around a proposal which will be submitted to the IOC.

The Forum discussions about the Olympic and Paralympics quota and qualification system will be organised in 3 sections. The main goal throughout these 3 sections is to harmonise our rules and by doing this to make them also easier to understand for a larger public.

In the first section we will discuss the proposal to harmonise the composition of teams and to review as a result of this the distribution of quota over the 3 Olympic Disciplines. The goal is to maintain the same number of qualification possibilities for our NFs in the 3 disciplines. In a second section we want to submit some general principles with the goal to harmonise the rules between the 3 disciplines but also to address new situations that occurred during the last Games and which need to be solved. And last but not least, we will also look at the specific qualification system of each discipline.

Compared to the past, the success of Equestrian Sport at the London Olympics and Paralympics has put us in a somewhat more secure position with regard to our place in the Olympic Programme. However, we must remain vigilant and alert and we should not spare any effort to keep our sport as successful as possible in the Games. We must also accept that the IOC will not increase our quota which would of course have made the discussions at the Sports Forum much easier. Furthermore, we must understand and accept that it will be impossible to make everybody happy and that after an open discussion we have the responsibility to come to a conclusion. The success and respect for our sport and for the FEI will also depend on the capability of our community to stand together unified behind a proposal for the IOC, knowing that in this case the solution will be the best one possible, but not ideal.

I thank you in advance for your contribution to the discussions and your willingness to find proper solutions in the interest of our sport in general.

Ingmar De Vos
Secretary General /Chief Executive Officer

8-9 April 2013, IMD, Lausanne (SUI)

GENERAL PRINCIPLES

1. NUMBER OF RIDERS PER TEAM:

To line up the 3 Olympic Disciplines, the teams for the Olympic Games would include a maximum of 4 riders per team with the 3 best riders' result to count for the 3 Olympic Disciplines (from 5 riders to 4 in Eventing; from 3 riders to 4 in Dressage).

For Eventing, this includes the introduction of reserve horses (1 per team), same as for the other Disciplines.

2. QUOTA SHIFT:

Given the harmonisation of the number of riders per team (4 with 3 to count) in all 3 Olympic disciplines, a quota shift is necessary to ensure the same number of nations can qualify for the Olympic Games. For this reason the following quota shift is proposed:

Jumping: 75 riders (as current)

Dressage: 60 riders (10 additional athletes from 50 in 2012)

Eventing: 65 riders (from 75 in 2012)

It is highlighted that for Eventing the simulation based on the 2012 Olympic Games of the new quota distribution did not influence the number of nations qualified taking into account the reduction from 5 to 4 riders per team .

3. DISCIPLINE QUALIFICATION SYSTEM PRINCIPLES

3.1 **Team:** To ensure fair conditions and that all nations have 2 possibilities to qualify teams (from FEI World Equestrian Games and other FEI Championships and approved events)

3.2 **Individual:** Individual places for all 3 Disciplines to be allocated from the respective Olympic Ranking lists.

1 dedicated place will be guaranteed for each group and the other places will be allocated for the 3 disciplines based on the rankings in order of classification regardless of the region. Nations already qualified as teams will not be included for any of the Individual places.

4. QUOTA PLACE

One Athlete can only earn 1 quota place (this is a change from previous Olympics.)

5. QUALIFYING EVENTS

The Qualifying Events must be entered in the FEI Calendar in accordance with the relevant FEI Calendar deadlines (at the latest by 1 October unless an earlier date is specified by the relevant Sport Rules; for example, for 5* Events in Jumping the dates shall be approved two years prior to the year in which the Event is to take place). Once the list of Qualifying Events is published by the FEI, there cannot be any new Events added to such list, unless there is a Force Majeure event and subject to FEI's approval.

8-9 April 2013, IMD, Lausanne (SUI)

The list of the 2015 Qualifying Events will be published by the end of 2014, and the list of the 2016 Qualifying Events will be published by the end of 2015.

The list of Events for Athletes and Horses to obtain Quota Places (individual qualification) through Olympic Rankings to be strongly respected and exceptions to be avoided. It is important to recognize that even exceptions that have an indirect impact on selection should be avoided.

The invitation criteria for each Qualifying Event set in each Schedule to be reviewed and approved by the FEI and then strictly respected by all participants.

6. HORSES – NATIONALITY

Horses entered for the Equestrian Events at the Olympic Games must have been registered with FEI as property of owners of the same nationality as the Athlete, by 15 January 2016. (Note: For the previous Olympic Games, the deadline was 31 December of the year preceding the OG)

7. ATHLETES – NATIONALITY CHANGES

Any Athlete changing his/her sport nationality during the Olympic Qualification period will be removed from the Olympic Individual Rankings.

In addition, only Athletes who can represent country X in the Olympic Games according to the IOC nationality's requirements shall be allowed to earn a quota place for such country X.

8. QUALIFICATION OF NATIONS (dates are based on 2012 deadlines and are subject to change further to discussion with the IOC and Rio2016 OC)

The deadline for NFs/NOCs to gain qualification to take part in the Olympic Games shall be 29 February 2016 (only results until 29 February 2016 midnight in the country where the Competition is taking place will be considered for such purpose).

NFs/NOCs will be informed by the FEI, within 48 hours after the above mentioned deadline of their qualification with either a team and/or individuals for the 2016 Olympic Games. Qualified NFs/NOCs must inform the FEI in writing by 31 March 2016 whether or not they intend to participate in the Olympic Games. An NF/NOC confirming its intent to participate in the Olympic Games will imply that such this NF/NOC is qualified to participate in the Olympic Games

The FEI will reallocate all available places by *15 April 2016*.

9. DISQUALIFICATION FOR DOPING/MEDICATION MATTERS

Disqualification for doping/medication matters (and especially team disqualification): Same Rules as for the London 2012 Olympic Games.

- 4.5. athletes and horses must have completed the first or second round of a Nations Cup competition at a CSIO5* outdoor event with a score of not more than eight penalties, or must have completed the first round of the Grand Prix competition with a score of not more than eight penalties.
5. The list of selected 201~~54~~ events will be published in December 201~~40~~ and the 201~~62~~ selected events will be published in December 201~~54~~.
 6. Selected Nations Cup, Grand Prix competitions and FEI World Cup™ qualifying competitions must meet the following specifications: consist of at least 12 obstacles which may vary in height between 1.40m and 1.60m. ~~There must be a water jump of 3.50m including the take-off element.~~ The spread obstacles must have spreads of between 1.50m to 2.00m (2.20m for the triple bar). At least two straight obstacles must be provided with a minimum height of 1.60m.
 7. NFs unable to send complete teams to any of the CSIOs will be allowed to enter individuals who will be allowed to compete hors concours in the Nations Cup competition.
 8. Foreign Assessing Delegate: If a NF finds it impossible for its athletes to reach minimum eligibility standards as above, the FEI will upon request of the NF, send a Foreign Delegate at the expense of the NF to assess the level of performance, at a special competition. This competition will consist of one round with the dimensions as laid down on a course plan provided by the FEI. Athletes/horses scoring 8 penalties or less in this round will be considered to be eligible. The FEI Foreign Delegate will advise the NF and the FEI on the granting of eligibility (Certificates of Capability). If an athlete/horse combination has more than 8 penalties but shows a very good performance otherwise over the course, the Foreign Delegate can let him/her repeat a similar course. But in no case can an athlete become eligible if he/she has scored more than 8 penalties in the second round. The NFs of the eligible horses and riders will be informed by the FEI immediately.
 9. At Nations Cup and CSI3*/4*/5* Grand Prix competitions, the Foreign Judge, is responsible for ensuring that the course is built to the required dimensions, and will confirm to the FEI that the minimum eligibility requirements have been achieved.
 10. Certificates of Capability must be received by the FEI for athletes and horses not later than ~~17 June~~ 201~~62~~. Athletes and horses for whom Certificates of Capability have not been received will not be allowed to participate in the Olympic Games.

1.	The host nation (BRA) In case the host nation is unable to field any athletes, the team slot will be reallocated to the highest ranked team on the Team Ranking of the 2015 Pan-American Games not already qualified In case the host nation is unable to field a team it may send 1 or 2 individuals. The team slot will be reallocated according to the above and the total number of individuals that can qualify by means of the FEI Olympic Ranking List Dressage will be reduced by the number of individual athletes of the host nation (1 or 2).	1
2.	The 3 best ranked teams from the 2014 World Equestrian Games (WEG) excluding the team qualified above	3
3.	The 3 best ranked teams from the 2015 European Championship from FEI Olympic Groups A, B & C excluding teams qualified above	3
4.	Only if FEI Olympic Group C cannot qualify a team by means of the above, then the 1 best ranked team from the 2015 European Championship from FEI Olympic Group C will be directly qualified. In case this available team slot is not allocated it will be added to point 3 (so that the 4 best ranked teams from the 2015 European Championship from FEI Olympic Groups A, B & C are qualified, excluding teams qualified above).	(1)
5.	The 2 1 best ranked teams from FEI Olympic Groups D & E of the 2015 Pan-American Games, excluding the teams qualified above	1
6.	The 1 best ranked team from Olympic Group F or G at the 2014 World Equestrian Games (WEG), excluding the teams qualified above; The 1 2 best ranked teams from the Olympic Group F or &G at the 2-combined FEI approved special qualification events, excluding the teams qualified above	2

FEI Olympic Athletes Ranking - Dressage

The point system to be used for establishing the FEI Olympic Athletes Ranking – Dressage, will be published by xx January 2015 and distributed to NOCs/NFs. This list is limited to the best 8 results per athlete/horse combination in events within the period from xx March 2015 to xx March 2016 (with competitions taking place on xx 2016 being the last ones to count for qualification).

HOST COUNTRY REPRESENTATION

The host country is automatically qualified with a team. ~~The host country may in addition to the team qualify one additional athlete and horse through the Dressage Individuals – Qualification System.~~ Each athlete and horse must obtain minimum eligibility standards to be confirmed to compete.

E. Confirmation process for quota places

CONFIRMATION PROCESS FOR QUOTA PLACES

The FEI will inform NOCs/NFs in writing on xx March 2016 of their qualification of team and/or individual quota places. Eligible NOCs must inform the FEI in writing by xx March 2016 whether or not they intend to use their allocated quota place.

8-9 April 2013, IMD, Lausanne (SUI)

F. Reallocation of unused quota places

REALLOCATION OF UNUSED IF QUOTA PLACES

Unused team positions

If the members of a qualified team do not reach the minimum eligibility standard or an NOC decides not to use the team quota place obtained by xx June 2016:

1. The NOC in question may then compete with maximum of 2 Individuals.
2. The unused quota place(s) will go to the next best ranked NOC on the FEI Olympic Athletes Ranking – Dressage, **unless stated otherwise above**.

Unused individual positions

Should an NOC not use quota place(s) for individuals, the available quota places will be reallocated to the NOC of the next highest ranked eligible athlete on the FEI Olympic Athletes Ranking – Dressage of xx March 2016, **unless stated otherwise above**. The same athlete cannot qualify an NOC for more than one individual place.

By xx April 2016 FEI will reallocate all available places.

REALLOCATION OF UNUSED HOST COUNTRY PLACES

**Paralympic Games - Rio de Janeiro (BRA) 2016
Qualification System - General Principles
Proposals**

8-9 April 2013, IMD, Lausanne (SUI)

GENERAL PRINCIPLES

1. NPC Quota:

To line up with the Olympic disciplines, all NPCs would be able to obtain a maximum of 4 quota slots for the Paralympic Games (=reduction from max 5 to max 4 NPC slots).

2. Number of Athletes in Composite Teams:

To line up with the proposal for Dressage in the 2016 Olympic Games, a minimum of three and a maximum of 4 Athletes would constitute a Composite Team (= increase from max 3 to max 4).

3. Composition of teams & number of riders per grade:

A maximum of 2 Athletes per grade would be allowed in a Team (=reduction from 3 to 2). With regards to the Team composition, at least one (1) Team member shall be an eligible Athlete in either Grade Ia or Ib or II. In addition to the latter, at least one (1) Team member shall be an eligible Athlete in either Grade III or IV.

4. Certificates of Capability:

To line up with the Olympic disciplines and also based on the development of Para Equestrian Dressage, Athletes and Horses for the Paralympics would need to be eligible as a combination. In the past, only the Athlete had to prove eligibility.

5. Participation in the Team tests:

To ensure the fair application of substitution rules to all participants it would be compulsory for all Athletes (Individual and Team Athletes) to participate in the Team test. This has already been applied in London 2012 following a clarification to the rules.

6. Participation in the Freestyle tests:

To make the competition format more compact the Paralympics Freestyle Tests would only be open to the highest ranked one third (1/3) of the participants in the Individual Championship Test (=maximum) but at least 7 Athletes per grade (=minimum).

7. Events to count for Paralympic qualification

The list of events for Athletes and Horses to obtain Quota Places (individual qualification) through the Paralympics Rankings is to be strongly respected for the 2016 PG. The list of qualification events is to be published in the beginning of each qualification year and no exceptions made in order to guarantee fair competition for qualification.

8. FEI Paralympic Team Ranking List

To avoid that one single Team result can be decisive for Paralympic qualification, the Team Ranking would be based on each Team's best team results from three (3) qualifying events added together.

8-9 April 2013, IMD, Lausanne (SUI)

9. FEI Paralympic Individual Ranking List

Similar to "Certificates of Capability" above, the Individual Ranking would regulate that Athletes and Horses are ranked as a combination. The Individual Ranking would be based on each Athlete/Horse combination's accumulated ranking points of a maximum of six (6) best results obtained in FEI Para- Equestrian Qualifying Competitions.

10. Quota Place

One Athlete can only earn 1 quota place (regardless if it is for the same nation or for 2 different nations).

11. Nationality of Athletes and Horses

- 11.1 Athletes: Any Athlete changing his/her sport nationality during the Paralympic Qualification period will be removed from the Paralympic Individual Rankings.
- 11.2 In addition, only Athletes who can represent country X in the Paralympic Games according to the IPC nationality's requirements shall be allowed to earn a quota place for such country X.
