Following receipt from NFs of the above information, the FEI will confirm the number of qualifying Competitions to count per Region.

Any NF that commits itself in writing to take part at the qualifying Events and any NF that qualifies for the Furusiyya FEI Nations Cup™ Final but does not respect its commitment to take part at the Furusiyya FEI Nations Cup™ Final or at its designated qualifying Events for any reason, other than Force Majeure (any event or circumstance arising from or attributable to acts, events, omission or accidents which are not reasonably foreseeable, and which are beyond reasonable control and which could not have been reasonably prevented), loses its points for the entire season. It is the responsibility of each NF to select its CSIO.

6. PARTICIPATION

6.1 Europe - Division 1

6.1.1 2015 Season - Teams

For the 2015 Furusiyya FEI Nations Cup™ season the NFs (10) permitted to take part in Division 1 are as follows:

- Any European NF that is placed first, second or third at the previous year's Furusiyya FEI Nations Cup™ Final (for the avoidance of doubt, this refers to the actual placing at the Final, not the ranking among European NFs);
- The first placed NF in Division 2 standings at the end of the previous season;
- The second placed NF in Division 2 standings at the end of the previous season providing that it finishes within the top eight at the previous year's Furusiyya FEI Nations Cup™ Final;
- The remaining teams will be selected in descending order from the previous year's Division 1 standings to fill the quota of 10 teams.

For the 2016 season, the qualification of teams for Division 1 will be the same as for 2015. The Jumping Committee may reduce the number of teams in Division 1 in future if necessary, based on the experience obtained each year.

6.1.2 Option of Participation in Division 1 or 2

NFs qualified for Division 1 in any given year have the option to choose whether they wish to participate in either Division 1 or Division 2.

6.1.3 Withdrawals

Once the 10 qualified NFs are established for the 2015 season as stipulated above they will not be replaced.

6.1.4 Number of Teams per Event in Division 1

Eight teams, plus the home team if not a Division 1 team, are permitted to take part in Division 1 CSIO Events; at least six teams from Division 1 must be invited to each Event in Division 1.

6.1.5 Number of Events to count for Points

FURUSIYYA FEI NATIONS CUP™ RULES 2015

NFs participating with a team in Division 1 are guaranteed invitations to 50% of the total number of Division 1 Events; For example, if Division 1 has eight CSIO Events, each team is guaranteed four invitations. NFs may only obtain points for the Furusiyya FEI Nations Cup™ Final at Events for which they are guaranteed invitations by the FEI.

6.1.6 Selection/Allocation of Events for the 2015 Season

NFs participating in Division 1 must participate at their home qualifying Event, providing the home NF organises a qualifying Event. Three additional qualifying Events (for a total of four) are chosen by Division 1 NFs or allocated by the FEI for the 2015 season in accordance with the system indicated as follows.

The following four NFs are permitted to select their four Division 1 Events that count for points:

- Any European NF that is placed first, second or third at the 2014 Furusiyya FEI Nations Cup™ Final. (for the avoidance of doubt, this refers to the actual placing at the Final, not the ranking among European NFs);
- The remaining NFs to fill a maximum quota of four NFs are selected in descending order from the 2014 Division 1 Furusiyya FEI Nations Cup™ standings prior to the Furusiyya FEI Nations Cup™ Final.
- The following system applies for the selection of Events to count for points, in order of priority:
 - NFs choose their home Event;
 - The first placed NF at the 2014 Furusiyya FEI Nations Cup™ Final may select the Event of its first choice if from Division 1 or 2;
 - The second placed NF at the Furusiyya FEI Nations Cup™ Final may select the Event of its first choice if from Division 1 or 2;
 - The third placed NF at the Furusiyya FEI Nations Cup™ Final may select the Event of its first choice if from Division 1 or 2;
 - The remaining NFs taken in descending order from the Division 1 standings prior to the Furusiyya FEI Nations Cup™ Final to fill the quota of maximum four NFs may select the Event of their first choice;
 - Once each of the above four NFs has selected its first choice, the selection of the remaining Events continues in the same order until all four NFs have reached the established quota of invitations which is four. Once an Event has been selected by five NFs, including the home NF or the allocated NF if an NF has no home Event, no other NF may select that Event;
 - An Event selected by an NF in the first round of the selection process cannot be selected by another NF in that round. The same applies to all selection rounds;
 - If there is one or more NFs among the four permitted to select their Events that does not have a home Event, allocation of the home Event for the NF(s) in question is decided by a draw.

The following procedure will be used for the allocation of Events to count for points for the remaining Division 1 teams:

- Once the four NFs that are permitted to choose their Events have selected their Events in the final selection round, the remaining slots for each of the qualified NFs will be allocated by the FEI in such a way as to ensure that all NFs

FURUSIYYA FEI NATIONS CUP™ RULES 2015

concerned can fill their quota. Prior to these NFs being allocated their quota of Events they will be given the opportunity by the FEI to name the Events of their choice. The FEI will try as much as possible to facilitate the wishes of NFs.

6.1.7 Selection/Allocation of Events for the 2016 Season

The selection/allocation process of Events for the Division 1 for the 2016 season will be the same as that used for 2015, providing the number of Division 1 teams remains the same (10).

In order to be eligible to qualify for the Furusiyya FEI Nations Cup™ Final, an NF must have at least four Athletes on the Longines Rankings at the end of October of the previous season (Ranking N° 166 for the 2015 season).

8. POINT SYSTEM

8.1 Points

FURUSIYYA FEI NATIONS CUP™ RULES 2015

Points may only be obtained by eligible teams in their own Region or Division. In order to determine the list of NFs that qualify for the Furusiyya FEI Nations Cup™ Final, the following point system will be used for all qualifying Competitions:

Placing	Points
1st	100
2nd	90
3rd	80
4th	70
5th	60
6th	55
7th	50
8th	45
9th	40
10th	35

In accordance with the invitation system established for each Region/Division, the points obtained in the Furusiyya FEI Nations Cup™ qualifier(s) are added together in order to establish Regional/Division standings.

8.2 Division 1

For Division 1 teams, points are distributed according to the team's classification in the Competition. In case Division 1 teams are placed equal during any of the Furusiyya FEI Nations Cup™ Competitions, the points set forth in article 8.1 for the places in question are added and divided equally among the teams concerned, the team(s) participating for points thereby obtaining its/their portion of the points. The second decimal place is rounded up from .005 and rounded down from .004.

The number of results to count per team for Division 1 is the same as the number of guaranteed invitations, that is 50% of the total number of qualifying Events in Division 1 rounded up to the next whole number. Teams may only earn points at Events that have been chosen or allocated for this purpose (refer to article 6.1.6).

8.3 Division 2

For Division 2, points are distributed according to the team's classification among Division 2 teams that have declared participation in the series. The results of teams not from or declared for Division 2 are not taken into account for the purpose of point distribution (i.e.: a declared Division 2 team placed eighth in the Competition obtains the points for seventh place if a team that is not from or declared for Division 2 is placed among the first seven teams). In case declared Division 2 teams are placed equal during any of the Furusiyya FEI Nations Cup™ Competitions, the points set forth in article 8.1 for the places in question are added and divided equally among the teams concerned, the Division 2 team(s) participating for points thereby obtaining its/their portion of the points. In case a Division 2 team participating for points is placed equal with a team or teams not from or declared for Division 2 during any of the Furusiyya FEI Nations Cup™ Competitions, the points for the place in question are distributed in full to the Division 2 team. The second decimal place is rounded up from .005 and rounded down from .004.

The number of results to count per team in Division 2 is four. Teams may only earn points at Events that have been chosen for this purpose (refer to article 4.1).

8.4 Other Regions

For other Regions, points are distributed according to the team's classification among teams from the same Region that have declared participation in the series. The results

FURUSIYYA FEI NATIONS CUP™ RULES 2015

of teams not from the same Region or not having declared participation in the series are not taken into account for the purpose of point distribution (i.e.: a team from the Region placed eighth in the Competition obtains the points for seventh place if a team that is not from the same Region or not declared for the series is placed among the first seven teams). In case teams from the same Region are placed equal during any of the Furusiyya FEI Nations Cup™ Competitions, the points set forth in article 8.1 for the places in question are added and divided equally among the teams concerned, the team(s) participating for points thereby obtaining its/their portion of the points. In case a team participating for points is placed equal with a team or teams not from the same Region or not declared for the series during any of the Furusiyya FEI Nations Cup™ Competitions, the points for the place in question are distributed in full to the team participating for points. The second decimal place is rounded up from .005 and rounded down from .004.

The number of Events to count for points for other Regions is minimum four if between four and eight qualifiers are held in any given Region. In case there are less than four qualifying Events in any given Region, all count for points.

8.5 Cancellation of a 2015 Qualifying Competition

In the case of a qualifying Competition being cancelled in any Region or Division where teams are allocated Events counting for points the following procedure applies. Teams whose result would have counted for points at the cancelled Competition are distributed points for the cancelled Competition, based on the total number of points obtained at their other allocated Events divided by the number of Events at which they have participated for points. This calculation is carried out at the end of the season.

8.6 Overall Classification Tie Breaker

In case of a tie for any place on the overall Regional classification, teams are separated by:

- giving preference to the team with the greater number of first place classifications;
- in case there is still a tie the number of second place classifications will count and if necessary the number of third place classifications and so on until the tie is broken.

If after applying this method there is still a tie for any place at the conclusion of the last Event of the season, preference will be given to:

- the team with the greater number of clear rounds among the scores counting (i.e. maximum three scores per round per team) from each Competition throughout the season;
- if there is still a tie the scores counting (i.e. maximum three scores per round per team) for each team from each Competition will be added together and preference will be given to the team with the lowest overall score.

In case of a tie for a qualification place from Regions with only one qualifying Event, the following method will be used to break the tie:

- the team with the greater number of clear rounds among the scores counting in the Competition (i.e. maximum three scores per round per team);
- if there is still a tie the combined times of each team's best three athletes in the first round if the teams concerned have taken part only in the first round or both rounds if the teams concerned have taken part in the second round (i.e. the times of the three Athletes whose result counted in each round) will be used

FURUSIYYA FEI NATIONS CUP™ RULES 2015

to break the tie, preference being given to the team with the lowest combined time.

9. PRIZE MONEY

The prize money for each Division 1 Furusiyya FEI Nations Cup™ Competition must not be less than €200'000.

Only teams (eight) competing in the second round of each Division 1 Competition receive prize money. **The prize money is distributed as follows:**

8 teams	64'000	40'000	32'000	24'000	16'000	11'000	8'000	5'000

A team which is eliminated (see JRs Art. 264.8.1 and 264.8.2) in the first round of a Division 1 Competition is not entitled to either prize money or points for Division 1.
